

TIG Welder

General description:

Armatec is looking for a self-starting, responsible and experienced CWB-certified Welder to perform a full range of welding and fabrication duties in a manufacturing plant environment.

Prerequisite Skills and Qualifications:

- Must possess CWB certification with five years' experience in oxy-acetylene welding (OAW), gas tungsten arc welding (GTAW) (TIG) and gas metal arc welding (GMAW) (MIG)
- Able to weld stainless steel and aluminum alloys
- Familiarity with ISO 9001 and AS 9100 quality standards
- Strong organizational skills and attention to detail
- Be a critical thinker and problem solver
- Excellent hand/eye coordination
- Decision making abilities
- Must possess high school diploma
- Team player who is cooperative, cordial and supportive
- Be able to work in a fast-paced environment

Essential Duties:

- Interpret welding process specifications, blueprints, manuals and processes
- Operate manual, semi-automated and fully automated welding equipment
- Prepare jigs or set-ups for welding
- Examine welds to ensure they meet standards and/or specifications
- Layout patterns
- Comply with company Health & Safety rules and regulations in accordance with the Act
- Other duties as required
